Documented activities against the purposes of Sangam as defined in Article 3 of Sangam’s Articles of Incorporation shall constitute grounds for suspension of membership.

Authority: EC and/or BOD may investigate and initiate action related to suspension of membership. EC has to get the approval of BOD before initiating such action. If the member being investigated is the President or any office bearer or any member of EC of Sangam, or any BOD member, BOD shall be the body that investigates and initiates such action.

Allegations shall be notified in writing to the member by the appropriate authority (EC or BOD). Such authority shall appoint an investigative committee to investigate the issue and submit its findings to the authority which will review to see if there exists reasonable cause for suspension. If it is established that there are reasonable grounds for suspension, such authority shall recommend suspension to the general body. The member who is recommended for suspension shall be entitled to a hearing by the General Body in a meeting called for this purpose. In order to be eligible for such hearing, the alleged member should request the appropriate authority in writing, within thirty days from receipt of the above notification, to call the general body meeting. Failure to respond by the alleged member to the original notification by the appropriate authority within thirty days shall result in automatic suspension of the alleged member from Sangam.
Section 4: Conflict-resolution procedure for issues within Executive Committee: Generally, when there is a difference of opinion among the members of the executive committee, the majority opinion shall be the binding. However, if a member perceives himself/herself to have been constantly harassed or deprived of his/her ability to serve the organization, the following procedure is to be adopted:

a. When executive committee member(s) could not resolve the differences within the committee, any member involved should make a written request to the BOD to form a three-member ad-hoc committee and name one of them as the chairperson for an appeal process within 10 days of receiving notice. All parties to the grievance shall submit in writing that they will abide by the recommendation of such committee. The accuser side and the accused side can each suggest one GATS member in good standing but not a member of the Executive Committee or the BOD for inclusion in the ad-hoc committee. The third person shall be by the BOD. If the accuser side or the accused side does not want to suggest a member to serve in the committee, the BOD can appoint non-EC/non-BOD members to the committee.

b. The committee Chair shall then correspond with all the committee members involved and solicit all supporting documentation from each of them and distributes it to other committee members for review.

c. The committee shall then meet to discuss the materials reviewed and initiate its deliberations. The committee, at this time, may chose to conduct interviews with one or more members involved, individually or combined, to gather additional relevant information.

d. The committee shall prepare a complete report and submit it with its recommendations to the BOD, which shall be no later than 30 days from date of formation of the committee.

e. BOD shall inform the committee’s recommendation(s) to all parties involved and implement it/them within 24 hours of receiving the report.

f. The committee’s recommendation(s) on the issues involved shall be the binding agreement for the Executive Committee.
